System Requirements:

Supported languages: English, French, Italian, German, Spanish Drivers:The Power of Music After some reflection, I realize that I've been making a lot of big assumptions about the world of digital music. First, that people who make music and sing want to be famous. Second, that they will do something about it. They don't. As with most things in life, there are a few exceptions that you know about, but really, most of us don't give this much thought. So why would we try to get
